

**Welcome to the 2016/2017 School Year at
Monmouth Regional High School with Mr. Spadavecchia for
Geometry!**

Important items for you to remember:

1. You will do well if you keep a **positive attitude** and if you are willing to work hard.
2. When you come to class each day you must have the following: math textbook, 3-ring notebook (1 ½ to 3 inches), calculator (TI-83 or TI-84), and pencils. As a class, we will use those items every day. It is important that you are prepared to learn. If you are unable to buy a calculator, please let me know if you need to borrow.

**YOU MUST HAVE ALL MATERIALS BY
FRIDAY, SEPTEMBER 9TH!**

3. If you have an excused absence from school, you have **two** school days to make up **missing assignments, quizzes, or tests**. It is **YOUR** responsibility to see me immediately after the absence for missing assignments. I will not track you down.
4. Homework assignments will be given daily unless otherwise noted. Homework assignments should be not taken lightly; these assignments are your opportunity to practice and master the daily lessons.
5. **Extra help will be available**. It is important that you communicate with me as soon as you think you need extra help. This will make it easier for me to set up times for you to get the help you need.
6. **It is important to get to class on time**. We expect you to be in your seat with your book open and ready to work when the bell rings at the beginning of class. Lateness to class will result in detention.
7. All of us are here to learn and succeed. **It is very important to me that there is a level of respect in the class at all times**. Everyone in this room will treat each other with mutual respect; no exceptions!
8. Always keep lines of communication open. You need to communicate with me if you are struggling or need a review, etc. If you do not communicate with me, then there is no way for me to understand otherwise.
9. **All of MRHS rules and regulations will be followed in the classroom. No food or drink is allowed in the classroom except for water. You may not use a cell phone in my class (even as a calculator.) Passports are needed if you leave class. Any failure to**

abide by these rules will be subject to fair and reasonable consequences.

I have read and agree with the expectations for MR. SPADAVECCHIA'S class expressed above.
