

AP Calculus AB Summer Assignment 2023-2024

Welcome to AP Calculus AB! My name is Mrs. Wagner, and I will be your AP Calculus teacher for the 2023-2024 school year! I am excited to meet all of you when I return from maternity leave in December. To be prepared for next year, please do the following:

- Join our **Remind** by **texting @mrhscal24 to 81010**
- Complete our summer assignment using the directions below. This assignment will be graded.

The AP Calculus AB summer assignment is entirely on Delta Math:

1. Go to <https://www.deltamath.com/> and click Login in the top right-hand corner
2. Click **“Log in with Google”** & log in with your SCHOOL Google Account.
3. Once logged in, click on **Tools**, then **Manage Courses & Login** in the top right.
4. Look under the **“Teacher/ Class Information”** section and enter my teacher code: **710634**
5. Choose **AP Calculus AB Summer 23** as your class.
6. Once added, click on the “Delta Math” logo in the top left-hand corner to go back to the main page. **You should now see a list of topics for you to complete. Do not procrastinate.**
7. Hopefully, most of the content is familiar, however, each problem has 2 items you can use for additional help.
 - a. You can use the **“Show Example”** link in the upper right corner to see a sample question and solution.
 - b. Or you can use the **“Watch help video”** link to watch a video tutorial on how to complete the problem set.

If you have questions or concerns during the summer, please feel free to contact me on Remind. I look forward to working with you this year!
